

US Patents of Norvell Nelson

Number	US Patent Number	Subject	Issue Date
1	<u>5911868</u>	Mediated electrochemical oxidation of organic wastes using a Co (III) mediator in a nitric acid based system	6//15/1999
2	<u>4767661</u>	Copper etching process and product	8/30/1998
3	<u>4767662</u>	Copper etching process and product	8/30/1998
4	<u>4904339</u>	Vertical spray etch reactor and method	2/27/1990
5	<u>4846918</u>	Copper etching process and product with controlled nitrous acid reaction	7/11/1989
6	<u>4927700</u>	Copper etching process and product with controlled nitrous acid reaction	2/6/1989
7	<u>4695348</u>	Copper etching process and product	9/22/1987
8	<u>4632727</u>	Copper etching process and solution	12/30/1986
9	<u>4556449</u>	Nickel etching process and solution	12/3/1985
10	<u>4545850</u>	Regenerative copper etching process and solution	10/8/1985
11	<u>453153</u>	Process and apparatus for etching copper masked by a nickel-gold mask	9/24/1985
12	<u>4497687</u>	Aqueous process for etching cooper and other metals	2/5/1985
13	<u>4468284</u>	Process for etching an aluminum-copper alloy	8/28/1984
14	<u>4466859</u>	Process for etching copper	8/21/1984
15	<u>4451327</u>	Process and structure for etching copper	5/29/1984
16	<u>4273559</u>	Elemental superselective gas chromatographic detection apparatus and method	6/16/1981
17	<u>4273559</u>	Elemental superselective gas chromatographic detection apparatus and method	6/16/1981
18	<u>4158717</u>	Silicon nitride film and method of deposition	6/19/1979
